Office of the MUNICIPAL MAYOR

The Municipal Government of Pinamalayan (MGOP) continues to develop programs and strategies for our beloved Pinamalayan based on the current and eminent needs of our people. Our great desire to uplift the lives of Pinamaleños and to bring positive impact to the most vulnerable communities are the main considerations in all of our endeavors.

These manuscripts are by-product of a meticulous multi-sectoral planning with the consensus of different key individuals from Non-Government Organizations (NGO's), Civil Society Organizations (CSO's), National Government Agencies (NGA), Municipal Government of Pinamalayan (MGOP) and Local Leaders.

Our heartfelt commendation and appreciation goes to the selfless man and women of this Municipality who made these thematic plans and programs possible and reliable.

Tuloy ang Serbisyo, Tuloy ang Asenso! Sama-sama po nating isigaw ang nagkaka-isang pangarap at aspirasyon ng bawat Pinamaleño "PILIPINAS PINAMALAYAN NAMAN".

HON. ARISTEO APASAN BALDOS, JR.
Municipal Mayor

Office of the MUNICIPAL VICE MAYOR

Despite of this COVID-19 pandemic still, we should be persistent and courageous to serve the public by formulating a strategic plan that will assist us in undertaking necessary actions or technical solutions on any situation that may occur which likewise serves as the road map in achieving this municipality's development goals and objectives.

Hence, the foregoing thematic plan includes different issues and concerns, technical findings and its implications that this local government unit determined to address to in the year 2022 to suffice the needs and meets the demands of a fast-growing community like ours.

This was formulated through inquiries, careful studies, and dialogue with different stakeholders and concerned citizens, workshops, discussions, researches and other activities. All of these were conducted to ensure that all necessary programs/projects/activities to be implemented will be relevant and beneficial to all concerns. We should work and act as one towards the realization and effectiveness of this plan.

Remember: "Our unity is our strength and diversity is our power." – Kamala Harris

HON. RODOLFO M. MAGSINO
Municipal Vice Mayor

ACKNOWLEDGEMENT

Deepest appreciation is hereby conveyed to the various stakeholders and institutions in our municipality such as the National Government Agencies, Barangay Government Units, Private Sector, Civil Society/Non-Government Organizations, and the Legislative Department and the Executive Department of the Municipal Government of Pinamalayan for the unqualified support and participation in the preparation of the Forest And Land Use Plan (FLUP) as completed and packaged by the:

MUNICIPAL PLANNING AND DEVELOPMENT OFFICE

MUNICIPAL DEVELOPMENT COUNCIL
RESOLUTION NO. 05-2021

A RESOLUTION ADOPTING THE DIFFERENT THEMATIC PLANS AND PROGRAMS (TPP) 2022 OF THE MUNICIPALITY OF PINAMALAYAN AND FAVORABLY INDORSING THE SAME TO THE SANGGUNIANG BAYAN FOR APPROVAL.

WHEREAS, thematic planning is a prescriptive planning tool that seeks the most effective and efficient technical solution to a generic development problem;

WHEREAS, the strategic value of thematic plans is that they provide guidance on the application of techniques and in drawing on best practices and experiences which have evolved into a benchmark standard;

WHEREAS, thematic plans provide a cost-benefit analysis of the technology against conventional techniques, define the role and responsibilities of the agency in relation to other stakeholders, identifying resource requirements and seek to outline a course of action, thereby defining a framework providing a problem-based analysis of techniques that helps ensure the relevance, sustainability and impact of technical cooperation;

WHEREAS, in order to validate priority areas for cooperation and strengthening public-private partnership, different thematic plans and programs were formulated through researches, series of consultations, workshops, focus group discussions and other activities involving multi-sectoral representation;

WHEREAS, the thematic plans and programs herein referred to include the following:

1. **GENERAL PUBLIC SERVICES SECTOR**
   - Municipal Peace and Order and Public Safety Plan
   - Municipal Anti-Drug Abuse Action Plan
   - Municipal Indicative Annual Procurement Plan
   - Municipal Revenue Generation and Mobilization Plan
   - Municipal Human Resource/Capacity Development Plan
   - Municipal Public Financial Management Improvement Plan

- **O** BJECTIVITY AND INTEGRITY OF PURPOSE
- **W** ELL-BALANCED ECOLOGY ADVOCATES

PINAMALAYAN

" P a r a i s o n g B a h a g h a r i "

HISTORY

Pinamalayan is one of the oldest towns in the Province of Oriental Mindoro and a major political and economic center in the southern part of the province way back the latter years of Spanish regime.

Pinamalayan was organized as a permanent settlement in the 1800's under the leadership of a *Gobernadorcillo*. In 1914, the Municipal Council acted on the selection of a new town site through *viva-voce* voting. It was in 1916 that the seat of the Municipal Government was transferred from Lumambayan to its present site, Zone III, which was then part of Panggulayan. Pinamalayan was originally composed of six big barrios namely: Panggulayan, Quinabigan, Nabuslot, Lumambayan, Tambong and Balete.

GEOGRAPHICAL AND RESOURCE ENDOWMENT

Pinamalayan having a total land area of ***28,226 hectares*** is located at the center of Oriental Mindoro. It is around 118 km from Puerto Galera, the northernmost town of the province; 68 km from Calapan City, the capital of Oriental Mindoro and its major entrance point from Manila; around 56 km from the town of Roxas, entrance point from the Philippines southern provinces and 120 km from Bulalacao, Oriental Mindoro southernmost town.

The town of Pinamalayan is bounded in the north by the towns of Socorro and Pola; in the west by the Province of Occidental Mindoro; in the south by the Town of Gloria and in the east by Tablas Strait. National and provincial road networks connect Pinamalayan with other local government units. Tablas Strait separates Pinamalayan from the island-province of Marinduque and the island-towns of Concepcion and Bantuin, Romblon but all are accessible by passenger boats plying the routes daily.

Local Topography is generally plain except in areas edging the boundary with the town of Pola which are hilly and mountainous. Westward from Maningcol-Rosario-Malaya area to the boundary with Occidental Mindoro is likewise hilly or rolling plains.

Soil types of Pinamalayan are San Manuel, Luisiana and Maranlig soil series. These are suitable to a wide variety of crops.

Climate falls under climatic type III which has no very pronounced maximum rain period with a short dry season lasting from one to three months. Northeast monsoon prevails from August to March.

CURRENT STATUS

Pinamalayan is a First Class Municipality by virtue of DOF Department Order No. 20-05 as implemented by BLGF Memorandum Circular No. 01-M (43) – 05 issued on January 31, 2006 and vying to become the Second City in Oriental Mindoro.

Pinamalayan stands as a proud testament to the legendary pot of gold which is found at the rainbow's origin. It continues to flourish as an indispensable trading center and investment zone in the province as it is one of the identified provincial growth centers and is extremely well positioned to be such. Its highly strategic location, being at the center of the province, augurs well for the development of facilities to serve the surrounding municipalities and nearby island-provinces. The Poblacion of Pinamalayan has grid-pattern of roads with 20-meter wide right-of-way in major segments that can still absorb further urban growth and remains a model in town planning.

POWER

Electric power is supplied by the Oriental Mindoro Electric Cooperative (ORMECO), a privately run cooperative under the supervision of the National Electrification Administration. ORMECO has a dependable capacity of 57.8 megawatts (MW) from 9 power plants operating in the province. Currently, Pinamalayan is supplied by Mindoro Grid Corporation based in Calapan and Bongabong, both has 6.6 MW capacity. In addition, a land-based 7.5 MW Power Plant of the Global Business Holdings operates in Barangay Papandayan which serves as power source. Based on CBMS 2014, 81% of the total number of households have access to electricity.

PINAMALAYAN

"Paraiso ng Bahaghari"

TOURISM/CULTURAL ACTIVITIES/LOCAL ACTIVITIES

BAHAGHARI FESTIVAL

Tracing its roots from the mythical founding of Pinamalayan, the Bahaghari Festival is a reflection of the first Pinamaleños' joy and thanksgiving for the divine guidance of a rainbow that guided them through a raging sea towards a land of promise and bounty. The Bahaghari Festival is held during the warm summer months of March and April (***Town Fiesta, 25th of April***), right after the harvest season. Aside from the festival's historical significance, locals also celebrate their bountiful agricultural yield and see the celebration as the perfect opportunity to show their appreciation for al the blessings of the previous year. This "Celebration of Colors" represents the vivid flavours of Pinamalayan that are as varied and mesmerizing as that of a rainbow.

List of Activities			
1. Bahaghari Grand Parade of Colors	6. Agro-Tourism Trade Fair	11. Women's Night	16. Search for Ms. Bahaghari Tourism
2. Centurion Festival	7. Cultural Night	12. Mangyan Day	17. Grand Coronation Night
3. Bankarera	8. Barangay Night	13. Cycling Competition	18. Bahaghari Song Festival
4. Boxing at the Park	9. Senior Citizens' Night	14. Marathon	19. La Tondeña Show
5. Saranggola ng Hari Kite-flying Contest	10. Inter-Commercial Basketball Tournament	15. Takbo Para sa Kalikasan	20. Sandiwangan: The Mardi Gras

BAHAGHARI LANTERN FESTIVAL *(December)*

Twinkle, twinkle biggest stars! Cool December nights are set ablaze as Pinamalayan lights up in yards upon yards of Tivoli lights and the biggest, brightest and most creative lanterns this side of the archipelago. The best way to immortalize the grandeur is through the lens of the video camera.

BEST PRACTICES/INNOVATIONS

Community eCenter (CeC) - is a project started in collaboration with the National Computer Center. CeC is a self sustaining shared facility providing affordable access to ICT-enabled services and relevant content. It serves as a conduit for efficient delivery of government and other services and a potent tool for empowerment and participation of unserved and underserved communities/sectors in development. In essence, the ultimate goal is to bridge the digital divide and provide universal access to information and communication services.

Website ***(www.pinamalayan.gov.ph)*** – is a dynamic electronic operation whose scope consists of content updated add or change images & banners, upgrade site software, modules, extension and plug-ins, administer email service/webmail and monthly or weekly backups to ensure data security and continuity. This applications involves local one (1) Municipal website and 37 individual Barangay websites.

Business and Investment Promotion Division (BIPD) - was created by the Municipal Government to address the demands of existing business and social conditions, identified and acknowledged issues and concerns affecting the local economy, as well as to fulfil the expected development requirements of cityhood. It is a frontline service office that performs a non-traditional function. It partners, deals directly with, and sees to the needs of the private sector to ensure a dynamic local business environment. It is also at the forefront in the formulation and implementation of tourism action plans, as well as other related programs/projects/activities that promote the investment potentials of the municipality.

Business-One-Stop-Shop (BOSS) - is a designated place in the municipal building where local and national offices with direct participation in business permits and licenses gather for issuance of their respective document regarding business operations of businessman. Its operation start from the 2nd to 28th day of January annually.

Barangay Development Program - is an infrastructure-focused development program patterned on a cost-sharing scheme between proponent and beneficiaries. The basic idea is to provide equal distribution of development projects among the 37 barangays comprising the municipality of Pinamalayan while encouraging the direct participation of the beneficiaries, minimal in amount yet definitely with significant involvement and high sense of ownership of the project.

CONTACT DETAILS

Profile:

Narrative Description:

Pinamalayan, Oriental Mindoro lies in the hearth of the province. It extends from the ridge to the reef of which diversity is reach. It has a total land area of 28,226 hectares. Forest covers 11,732.55 hectares or 41.57% of total land areas. Forests and forest lands provide a good resource base for sustainable economic development. Once degraded, forests and forest lands will be unable to provide environmental services, such as supplying water requirements of households, farmlands and industries; providing habitats for diverse flora and fauna and preventing occurrence of destructive forces like flashfloods. Thus, it is to the best interest of the LGUs to have their FFLs placed under effective management. A key strategy to effective management is to establish the best uses of these lands and allocate them to responsible resource managers under different forms of tenure. The resource manager can be an individual, a group or an organization which can aptly preserve, rehabilitate and protect the area from illegal activities and use the resources in a sustainable manner. The LGU itself, in partnership with DENR, can be a resource manager. While allocation decisions (who will be assigned to manage the area) and management decisions for strict protection areas reside with the State. LGUs can be involve in the process. The DENR and LGUs will need a good basis to be able to make informed decisions – that's what an FLUP provides.

Vital Facts and Figures:

Assessment:

For the past years, it was observed that forest areas in the municipality of Pinamalayan are threatened by denudation mainly due to kaingin practices and illegal logging. Logging, unless properly controlled can cause serious damage to forest and soils. The practice of shifting cultivation or "kaingin", on the other hand, though individual clearings are small, creates significant impacts on the forest of Pinamalayan because of their numbers. The indiscriminate cutting, burning and clearing of forest areas and cultivation of marginal upland areas have been very significant causes of deforestation and environmental degradation
