# HISTORICAL BACKGROUND

The name of the town was said to be taken from the word "ipinamalay" which means to make aware or to show the way. According to an old story, early settlers of this town came from a group of adventurous transmigrants who encountered turbulent weather in the sea. They prayed to God Almighty for deliverance and guidance, whereupon, the weather cleared and a rainbow appeared on the horizon. The crew shouted "ipinamalay na" which means it was made known. They followed the direction of the rainbow believing that at its end lies a pot of gold and good fortune. They finally landed at what is now barangay Lumambayan and established the first settlement which they named Pinamalayan. They found good fortune in the new land which brought them prosperity because of the good soil and abundant resources.

## LEGEND

On the other hand, some sources state that the name Pinamalayan came from the word "Pinagpalayan" which means "planted with rice", for it was once a vast area planted with rice. Rice farming is an important source of livelihood of the municipality, up to this day. Since then, the place grew and became a town. However, during the entire 18th century, Pinamalayan was one of the coastal areas frequently attacked by Moro pirates. People were decimated and many fled to the interior for safety.

## 1800

Pinamalayan is one of the oldest towns in the province of Oriental Mindoro. Its territory once went as far as the old settlements of Sumagui and Anilao which are now part of the municipalities of Bansud and Bongabong, respectively. The towns of Pola and Gloria, now separate municipalities, were also former parts of the old domain. This was then organized as a permanent settlement in 1800's under the leadership of a gobernadorcillo.

## APRIL 29, 1904

Under the American government, the towns of Pola and Bongabong were consolidated with Pinamalayan by virtue of Act 1155.

## CREATION OF THE MUNICIPALITY

## 1888

In the year 1888, the territory of Pinamalayan included the settlements of Pola, Sumagui, and Anilao. At that time, the gobernadorcillo was Juan Morente, Jr., who assumed position until 1898 when the uprising against the Spanish government broke out. Morente Jr. joined the revolutionary forces as a captain then Juan Medina replaced him as the town head. When the Spaniards surrendered, Morente Jr. became governor of the province of Mindoro while Cornelio Nable was appointed as the municipal president.

## JANUARY 12, 1912

Pola became an independent town. A major political change brought about by the American occupation was that the Municipal Council acted on the selection of a new town site through viva-voce voting in 1914.

## 1916

The seat of the Municipal Government was officially transferred from barangay Lumambayan to its present site.

# HISTORICAL BACKGROUND

## 1919

Bongabong likewise regained its township status in March 1919 under Act 2824. The American planners made sure that the town is properly laid out according to a planning system that included wide, symmetrical roads with appropriate drainage facilities. It was also during this time that a big plaza was constructed adjacent to the municipal building. These turns of events made Pinamalayan as a model in town planning to all the municipalities in Oriental Mindoro. Moreover, the repeated territorial reorganizations signify the role of Pinamalayan as a major political and economic center in the southern part of Oriental Mindoro way back in the latter years of the Spanish regime up to the American rule. Administrative orders regulating secular activities in the settlements of neighboring towns were once sent from Pinamalayan. Thus, this gives the municipality considerable advantages in terms of trade, infrastructure development, social facilities, and even political accommodations at the onset of the century.

## 1942

When the Japanese occupied Mindoro in 1942, Dr. Abelardo Bunag, then mayor, joined the underground movement. The Japanese then appointed Carlos Aguilucho as mayor, followed by Manuel Medina. Then, the Americans returned around January 15, 1945.

## 1964

In 1964, Gloria became an independent town. From 1947 to 1990 under various administrations, Pinamalayan grew steadily to become the progressive town that it is today.

Table HB-1 presents the local chief executives from year 1901 to present. Throughout history, the municipality had 32 municipal mayors.

The Municipal Government of Pinamalayan in coordination with the concerned national agencies, shall ensure that the basic services are provided at the most cost efficient rates, and shall set as mechanism to coordinate operationally the thrust, objectives and activities of other government agencies concerned providing basic services to housing projects. Socialized housing or resettlement areas shall be provided by the Local Government Unit or National Housing Authority in cooperation with the private developers and concerned agencies with the provisions of basic services and facilities such as: health, education, communications, power and electricity, security, recreation, relief and welfare and shall be plan and be given priority for implementation by the local government unit and concerned agencies in cooperation with the private sector and the beneficiary themselves.

Pinamalayan is one of the disaster prone area of Oriental Mindoro. It is composed of 37 barangays, 9 barangays were along the coastal areas and 10 barangays are along the river side, mountainous and upland areas. This vulnerable areas has a lot of informal settlers. Most of the families' income belongs to poverty threshold. Most of them dwell in a makeshift houses. There is a prevalence of malnutrition, absence of potable water and electricity. Violence over populated areas and unemployment is also observed. The LGU and other support agencies (local & national) need to workout this program so that people in the community become self-reliant, socially responsible and contributing members of the community where they belong.

**Assessment:**

Core Shelter Program is one of the effective ways of providing a decent housing to the poor and disadvantaged sectors of our society. Giving them opportunity in starting a new way of life, in a manner that their safety and security is a priority. Location of the core housing program is ensured to be safe from hazards such as landslides. Units were also structurally built that can withstand storms. This factor is very important knowing that the Philippines is frequently visited by typhoons. Owners of the core housing units that were previously provided has already established their living. Since strategically, location of the houses are near the poblacion areas, they have easy access to basic social services that the local government offered. The only problem that needs to be addressed with some of the owners, is the selling of the units to other individuals without giving notice to the local authorities. Some sold the units because they had already acquired a new house privately. This is why assessment of beneficiaries should be carefully done so that priority is given to those who are unfortunate members of the locality.

ISSUES/CONCERNS/ OBSERVATIONS/ TECHNICAL FINDINGS	IMPLICATIONS/EFFECTS	POLICY/OPTIONS/INTERVENTIONS/ POSSIBLE SOLUTION
