## MESSAGE

  
**HON. RODOLFO M. MAGSINO**  
MUNICIPAL VICE MAYOR

Warmest greeting!

Success is no accident. It takes a lot of hard work, perseverance, learning, studying, sacrifice, and most of all, love of what you are doing or learning to do.

The municipality of Pinamalayan aims to become a sustainable place to live for every Pinamaleños. Planning and implementation are the best tool in making success. Thematic planning is an important activity of the Local Government Unit with the objective of building a more progressive municipality.

In this activity, the Local Chief Executive together with the Vice Mayor, Sangguniang Bayan Members, Department Heads, Chief of offices, and the representatives from different sectors joined together in a group discussion and identifying different programs, projects and activities that we believe needed to be implemented and can make an impact in the society.

Through inquiries, careful studies, researches and workshops, we will be able to sustain and meet the demands of the ever-changing time. Long term solutions, programs, projects and activities to be implemented are relevant and beneficial to the people. We cannot stop the passing time, but we have the power to define it.

With our collaborative efforts we can make Pinamalayan a sustainable place to live in. Let us work together and win as one. With the help of the Almighty, hand in hand, we can achieve what we are dreaming for our beloved Pinamalayan.

# HISTORICAL BACKGROUND

The name of the town was said to be taken from the word “ipinamalay” which means to make aware or to show the way. According to an old story, early settlers of this town came from a group of adventurous transmigrants who encountered turbulent weather in the sea. They prayed to God Almighty for deliverance and guidance, whereupon, the weather cleared and a rainbow appeared on the horizon. The crew shouted “ipinamalay na” which means it was made known. They followed the direction of the rainbow believing that at its end lies a pot of gold and good fortune. They finally landed at what is now barangay Lumambayan and established the first settlement which they named Pinamalayan. They found good fortune in the new land which brought them prosperity because of the good soil and abundant resources.

## LEGEND

On the other hand, some sources state that the name Pinamalayan came from the word “Pinagpalayan” which means “planted with rice”, for it was once a vast area planted with rice. Rice farming is an important source of livelihood of the municipality, up to this day. Since then, the place grew and became a town. However, during the entire 18th century, Pinamalayan was one of the coastal areas frequently attacked by Moro pirates. People were decimated and many fled to the interior for safety.

## 1800

Pinamalayan is one of the oldest towns in the province of Oriental Mindoro. Its territory once went as far as the old settlements of Sumagui and Anilao which are now part of the municipalities of Bansud and Bongabong, respectively. The towns of Pola and Gloria, now separate municipalities, were also former parts of the old domain. This was then organized as a permanent settlement in 1800's under the leadership of a gobernadorcillo.

## APRIL 29, 1904

Under the American government, the towns of Pola and Bongabong were consolidated with Pinamalayan by virtue of Act 1155.

## CREATION OF THE MUNICIPALITY

## 1888

In the year 1888, the territory of Pinamalayan included the settlements of Pola, Sumagui, and Anilao. At that time, the gobernadorcillo was Juan Morente, Jr., who assumed position until 1898 when the uprising against the Spanish government broke out. Morente Jr. joined the revolutionary forces as a captain then Juan Medina replaced him as the town head. When the Spaniards surrendered, Morente Jr. became governor of the province of Mindoro while Cornelio Nable was appointed as the municipal president.

## JANUARY 12, 1912

Pola became an independent town. A major political change brought about by the American occupation was that the Municipal Council acted on the selection of a new town site through viva-voce voting in 1914.

## 1916

The seat of the Municipal Government was officially transferred from barangay Lumambayan to its present site.

# HISTORICAL BACKGROUND

## 1919

Bongabong likewise regained its township status in March 1919 under Act 2824. The American planners made sure that the town is properly laid out according to a planning system that included wide, symmetrical roads with appropriate drainage facilities. It was also during this time that a big plaza was constructed adjacent to the municipal building. These turns of events made Pinamalayan as a model in town planning to all the municipalities in Oriental Mindoro. Moreover, the repeated territorial reorganizations signify the role of Pinamalayan as a major political and economic center in the southern part of Oriental Mindoro way back in the latter years of the Spanish regime up to the American rule. Administrative orders regulating secular activities in the settlements of neighboring towns were once sent from Pinamalayan. Thus, this gives the municipality considerable advantages in terms of trade, infrastructure development, social facilities, and even political accommodations at the onset of the century.

## 1942

When the Japanese occupied Mindoro in 1942, Dr. Abelardo Bunag, then mayor, joined the underground movement. The Japanese then appointed Carlos Aguilucho as mayor, followed by Manuel Medina. Then, the Americans returned around January 15, 1945.

## 1964

In 1964, Gloria became an independent town. From 1947 to 1990 under various administrations, Pinamalayan grew steadily to become the progressive town that it is today.

Table HB-1 presents the local chief executives from year 1901 to present. Throughout history, the municipality had 32 municipal mayors.
