Warmest greeting!

Success is no accident. It takes a lot of hard work, perseverance, learning, studying, sacrifice, and most of all, love of what you are doing or learning to do.

The municipality of Pinamalayan aims to become a sustainable place to live for every Pinamaleños. Planning and implementation are the best tool in making success. Thematic planning is an important activity of the Local Government Unit with the objective of building a more progressive municipality.

In this activity, the Local Chief Executive together with the Vice Mayor, Sangguniang Bayan Members, Department Heads, Chief of offices, and the representatives from different sectors joined together in a group discussion and identifying different programs, projects and activities that we believe needed to be implemented and can make an impact in the society.

Through inquiries, careful studies, researches and workshops, we will be able to sustain and meet the demands of the ever-changing time. Long term solutions, programs, projects and activities to be implemented are relevant and beneficial to the people. We cannot stop the passing time, but we have the power to define it.

With our collaborative efforts we can make Pinamalayan a sustainable place to live in. Let us work together and win as one. With the help of the Almighty, hand in hand, we can achieve what we are dreaming for our beloved Pinamalayan.

HISTORICAL BACKGROUND

The name of the town was said to be taken from the word “ipinamalay” which means to make aware or to show the way. According to an old story, early settlers of this town came from a group of adventurous transmigrants who encountered turbulent weather in the sea. They prayed to God Almighty for deliverance and guidance, whereupon, the weather cleared and a rainbow appeared on the horizon. The crew shouted “ipinamalay na” which means it was made known. They followed the direction of the rainbow believing that at its end lies a pot of gold and good fortune. They finally landed at what is now barangay Lumambayan and established the first settlement which they named Pinamalayan. They found good fortune in the new land which brought them prosperity because of the good soil and abundant resources.

LEGEND

On the other hand, some sources state that the name Pinamalayan came from the word “Pinagpalayan” which means “planted with rice”, for it was once a vast area planted with rice. Rice farming is an important source of livelihood of the municipality, up to this day. Since then, the place grew and became a town. However, during the entire 18th century, Pinamalayan was one of the coastal areas frequently attacked by Moro pirates. People were decimated and many fled to the interior for safety.

1800

Pinamalayan is one of the oldest towns in the province of Oriental Mindoro. Its territory once went as far as the old settlements of Sumagui and Anilao which are now part of the municipalities of Bansud and Bongabong, respectively. The towns of Pola and Gloria, now separate municipalities, were also former parts of the old domain. This was then organized as a permanent settlement in 1800's under the leadership of a gobernadorcillo.

APRIL 29, 1904

Under the American government, the towns of Pola and Bongabong were consolidated with Pinamalayan by virtue of Act 1155.

CREATION OF THE MUNICIPALITY

1888

In the year 1888, the territory of Pinamalayan included the settlements of Pola, Sumagui, and Anilao. At that time, the gobernadorcillo was Juan Morente, Jr., who assumed position until 1898 when the uprising against the Spanish government broke out. Morente Jr. joined the revolutionary forces as a captain then Juan Medina replaced him as the town head. When the Spaniards surrendered, Morente Jr. became governor of the province of Mindoro while Cornelio Nable was appointed as the municipal president.

JANUARY 12, 1912

Pola became an independent town. A major political change brought about by the American occupation was that the Municipal Council acted on the selection of a new town site through viva-voce voting in 1914.

1916

The seat of the Municipal Government was officially transferred from barangay Lumambayan to its present site.

HISTORICAL BACKGROUND

1919

Bongabong likewise regained its township status in March 1919 under Act 2824. The American planners made sure that the town is properly laid out according to a planning system that included wide, symmetrical roads with appropriate drainage facilities. It was also during this time that a big plaza was constructed adjacent to the municipal building. These turns of events made Pinamalayan as a model in town planning to all the municipalities in Oriental Mindoro. Moreover, the repeated territorial reorganizations signify the role of Pinamalayan as a major political and economic center in the southern part of Oriental Mindoro way back in the latter years of the Spanish regime up to the American rule. Administrative orders regulating secular activities in the settlements of neighboring towns were once sent from Pinamalayan. Thus, this gives the municipality considerable advantages in terms of trade, infrastructure development, social facilities, and even political accommodations at the onset of the century.

1942

When the Japanese occupied Mindoro in 1942, Dr. Abelardo Bunag, then mayor, joined the underground movement. The Japanese then appointed Carlos Aguilucho as mayor, followed by Manuel Medina. Then, the Americans returned around January 15, 1945.

1964

In 1964, Gloria became an independent town. From 1947 to 1990 under various administrations, Pinamalayan grew steadily to become the progressive town that it is today.

Table HB-1 presents the local chief executives from year 1901 to present. Throughout history, the municipality had 32 municipal mayors.

NARRATIVE STATEMENT:

Section 7 of RA 9184 and its IRR. Procurement Planning and Budgeting Linkage, provides that, “ All procurement shall be within the approved budget of the procuring entity and should be meticulously and judiciously planned by the procuring entity. Consistent with government fiscal discipline measures, only those considered crucial to the efficient discharge of governmental functions shall be included in the Annual Procurement Plan (APP). For purposes of this IRR, a procurement project shall be considered crucial to the efficient discharge of governmental functions if it is required for the day-to-day operations or is in pursuit of the principal mandate of the procuring entity concerned. The APP shall include provisions for foreseeable emergencies based on historical records. In the case of infrastructure projects, the APP shall consider the appropriate timing/phasing of related project activities, such as, engineering design and acquisition of right of way, to reduce/lower project costs.”

No procurement shall be undertaken unless it is in accordance with the approved APP of the procuring entity. The APP shall bear the approval of the Head of the Procuring Entity or second-ranking official designated by the Head of the Procuring Entity to act on his behalf, and must be consistent with its duly approved yearly budget.

The APP shall be formulated and revised only in accordance with the following guidelines:

1. At the start of every budget period, the procuring entity shall prepare its proposed budget for the succeeding calendar year, taking into consideration the budget framework for that year in order to reflect its priorities and objectives for the budget period.
2. The end-user units of the procuring entity shall prepare their respective Project Procurement Management Plan (PPMP) for their different programs, activities, and projects (PAPs). The PPMP shall include:
 - a) information on whether PAPs will be contracted out, implemented by administration in accordance with the guidelines issued by the GPPB, or consigned;
 - b) the type and objective of contract to be employed;
 - c) the extent/size of contract scopes/packages;
 - d) the procurement methods to be adopted, and indicating if the procurement tasks are to be outsourced as provided in Section 53.6 of the IRR;
 - e) the time schedule for each procurement activity and for the contract implementation; and
 - f) the estimated budget for the general components of the contract.
3. The PPMP shall then be submitted to the procuring entity's Budget Office. The procuring entity's Budget Office shall evaluate each end-user's submitted PPMP and, if warranted, include it in the procuring entity's budget proposal for approval by the Head of the Procuring Entity.
4. After the budget proposal has been approved by the Head of the Procuring Entity and/or other oversight bodies, the procuring entity's budget office shall furnish a copy of the procuring entity's budget proposal as well as the corresponding PPMPs to the BAC Secretariat for its review and consolidation into the proposed APP. The proposed APP shall be consistent with the procuring entity's budget proposal.
5. As soon as the GAA, corporate budget, or appropriation ordinance, as the case may be, becomes final, the end-user units shall revise and adjust the PPMP to reflect the budgetary allocation for their respective PAPs. The revised PPMPs shall be submitted to the BAC, through its Secretariat, for the finalization of the modes of procurement under the proposed APP. The APP shall then be approved in accordance with Section 7.2 of the IRR.

Updating of the individual PPMPs and the consolidated APP for each procuring entity shall be undertaken every six (6) months or as often as may be required by the Head of the Procuring Entity. The updating of the PPMPs shall be the responsibility of the respective end-user units of the Procuring Entities, while the consolidation of these PPMPs into an APP shall be lodged with the BAC Secretariat, subject to approval of the Head of the Procuring Entity.

The ABC as reflected in the APP or PPMP shall be at all times consistent with the appropriations for the project authorized in the GAA, continuing, and automatic appropriations, the corporate budget, and the appropriation ordinance, as the case may be.

Thus, the Municipal Government of Pinamalayan, in the light of fairness and transparency, the procurement plans of each Procuring Entity are published and made available to public. Through publication of the Procurement Plans, interested bidders can be made aware of upcoming tenders and thus have ample time to prepare themselves to participate.

By publishing the plans, the general public is also made aware of the different projects to be undertaken by government within the Year and in turn gives a clearer picture of government spending.
