OFFICE OF THE MUNICIPAL MAYOR

MESSAGE

The Local Government Unit of Pinamalayan under our leadership, remains focus, steady and firm to our sworn commitment to Pinamaleños. We have utilized our funds and resources in achieving our noble commitment to people. Programs, projects and activities are well aligned and attuned to the demands of the public. We have remained committed to our mission of reaching out to the most vulnerable members of society. As a result, we must level up, improve, and modify all of our initial activities in order to satisfy the unique requirements of our people while also adapting to the demands of a changing world.

My fellow Pinamaleños, it is with great pride and honor to present and dedicate this compilation of Thematic Plans and Programs 2024, a navigational plan towards the Local Government's developmental framework and program intervention for the Fiscal Year 2024.

This plan of action reflects our expectations for conquering challenges and moving forward. It contains the programs/projects/activities streamlined for the coming year from a long master list of projects generated through sectoral consultation. Furthermore, with the unwavering support and active participation of all stakeholders, we can vouch that no sector is being left behind and guarantee the inclusivity of all programs.

Also, our heartfelt gratitude goes to the dedicated men and women of these municipality who place their best efforts to come up with this plan.

Hail Pinamalayan and all its people- ang Bayan ng Bahaghari, Bayang Pinagpala. Pilipinas, Pinamalayan Naman!

HON. ARISTEO APASAN BALDOS, JR.
MUNICIPAL MAYOR

OFFICE OF THE MUNICIPAL VICE MAYOR

MESSAGE

HON. RODOLFO M. MAGSINO
MUNICIPAL VICE MAYOR

Warmest greeting!

Success is no accident. It takes a lot of hard work, perseverance, learning, studying, sacrifice, and most of all, love of what you are doing or learning to do.

The municipality of Pinamalayan aims to become a sustainable place to live for every Pinamaleños. Planning and implementation are the best tool in making success. Thematic planning is an important activity of the Local Government Unit with the objective of building a more progressive municipality.

In this activity, the Local Chief Executive together with the Vice Mayor, Sangguniang Bayan Members, Department Heads, Chief of offices, and the representatives from different sectors joined together in a group discussion and identifying different programs, projects and activities that we believe needed to be implemented and can make an impact in the society.

Through inquiries, careful studies, researches and workshops, we will be able to sustain and meet the demands of the ever-changing time. Long term solutions, programs, projects and activities to be implemented are relevant and beneficial to the people. We cannot stop the passing time, but we have the power to define it.

With our collaborative efforts we can make Pinamalayan a sustainable place to live in. Let us work together and win as one. With the help of the Almighty, hand in hand, we can achieve what we are dreaming for our beloved Pinamalayan.

"Today's progress was yesterday's plan" - Anonymous

ACKNOWLEDGEMENT

In the spirit of unity towards progress, deepest appreciation is hereby conveyed to the various stakeholders and institutions in our municipality such as the National Government Agencies, Barangay Government Units, Private Sector, Civil Society/Non-Governmental Organizations, the Legislative Department and the Executive Department of the Municipal Government of Pinamalayan for the unqualified support and participation in the preparation of PLAN FOR HEALTH AND FAMILY PLANNING 2024 which was completed and packaged by the:

MUNICIPAL DEVELOPMENT COUNCIL RESOLUTION NO.02-2023

A RESOLUTION ADOPTING THE DIFFERENT THEMATIC PLANS AND PROGRAMS (TPP) 2024 OF THE MUNICIPALITY OF PINAMALAYAN AND FAVORABLY INDORSING THE SAME TO THE SANGGUNIANG BAYAN, THIS MUNICIPALITY FOR APPROVAL.

WHEREAS, thematic planning is a prescriptive planning tool that seeks the most effective and efficient technical solution to a generic development problem;

WHEREAS, the strategic value of thematic plans is that they provide guidance on the application of techniques and in drawing on best practices and experiences which have evolved into a benchmark standard;

WHEREAS, thematic plans provide a cost-benefit analysis of the technology against conventional techniques, define the role and responsibilities of the agency in relation to other stakeholders, identifying resource requirements and seek to outline a course of action, thereby defining a framework providing a problem-based analysis of techniques that helps ensure the relevance, sustainability and impact of technical cooperation;

WHEREAS, in order to validate priority areas for cooperation and strengthening public-private partnership, different thematic plans and programs were formulated through researches, series of consultations, workshops, focus group discussions and other activities involving multi-sectoral representation;

WHEREAS, the thematic plans and programs herein referred to include the following:

1. GENERAL PUBLIC SERVICES SECTOR

- Municipal Peace and Order and Public Safety Plan
- Municipal Capacity Development Agenda
- Municipal Anti-Drug Abuse Action Plan
- Municipal Indicative Annual Procurement Plan
- Municipal Human Resource/Capacity Development Plan
- Municipal Revenue Generation and Mobilization Plan
- Municipal Public Financial Management Improvement Plan
- Municipal Information and Communication Technology Plan
- Municipal Information Strategic and Management Plan
- Municipal People's Plan
- Municipal Public Service Continuity Plan

March _____, 1993 File No. _____ Date of Issuance _____

HISTORICAL BACKGROUND

The name of the town was said to be taken from the word “ipinamalay” which means to make aware or to show the way. According to an old story, early settlers of this town came from a group of adventurous transmigrants who encountered turbulent weather in the sea. They prayed to God Almighty for deliverance and guidance, whereupon, the weather cleared and a rainbow appeared on the horizon. The crew shouted “ipinamalay na” which means it was made known. They followed the direction of the rainbow believing that at its end lies a pot of gold and good fortune. They finally landed at what is now barangay Lumambayan and established the first settlement which they named Pinamalayan. They found good fortune in the new land which brought them prosperity because of the good soil and abundant resources.

LEGEND

On the other hand, some sources state that the name Pinamalayan came from the word “Pinagpalayan” which means “planted with rice”, for it was once a vast area planted with rice. Rice farming is an important source of livelihood of the municipality, up to this day. Since then, the place grew and became a town. However, during the entire 18th century, Pinamalayan was one of the coastal areas frequently attacked by Moro pirates. People were decimated and many fled to the interior for safety.

1800

Pinamalayan is one of the oldest towns in the province of Oriental Mindoro. Its territory once went as far as the old settlements of Sumagui and Anilao which are now part of the municipalities of Bansud and Bongabong, respectively. The towns of Pola and Gloria, now separate municipalities, were also former parts of the old domain. This was then organized as a permanent settlement in 1800's under the leadership of a gobernadorcillo.

APRIL 29, 1904

Under the American government, the towns of Pola and Bongabong were consolidated with Pinamalayan by virtue of Act 1155.

CREATION OF THE MUNICIPALITY

1888

In the year 1888, the territory of Pinamalayan included the settlements of Pola, Sumagui, and Anilao. At that time, the gobernadorcillo was Juan Morente, Jr., who assumed position until 1898 when the uprising against the Spanish government broke out. Morente Jr. joined the revolutionary forces as a captain then Juan Medina replaced him as the town head. When the Spaniards surrendered, Morente Jr. became governor of the province of Mindoro while Cornelio Nable was appointed as the municipal president.

JANUARY 12, 1912

Pola became an independent town. A major political change brought about by the American occupation was that the Municipal Council acted on the selection of a new town site through viva-voce voting in 1914.

1916

The seat of the Municipal Government was officially transferred from barangay Lumambayan to its present site.

HISTORICAL BACKGROUND

1919

Bongabong likewise regained its township status in March 1919 under Act 2824. The American planners made sure that the town is properly laid out according to a planning system that included wide, symmetrical roads with appropriate drainage facilities. It was also during this time that a big plaza was constructed adjacent to the municipal building. These turns of events made Pinamalayan as a model in town planning to all the municipalities in Oriental Mindoro. Moreover, the repeated territorial reorganizations signify the role of Pinamalayan as a major political and economic center in the southern part of Oriental Mindoro way back in the latter years of the Spanish regime up to the American rule. Administrative orders regulating secular activities in the settlements of neighboring towns were once sent from Pinamalayan. Thus, this gives the municipality considerable advantages in terms of trade, infrastructure development, social facilities, and even political accommodations at the onset of the century.

1942

When the Japanese occupied Mindoro in 1942, Dr. Abelardo Bunag, then mayor, joined the underground movement. The Japanese then appointed Carlos Aguilucho as mayor, followed by Manuel Medina. Then, the Americans returned around January 15, 1945.

1964

In 1964, Gloria became an independent town. From 1947 to 1990 under various administrations, Pinamalayan grew steadily to become the progressive town that it is today.

Table HB-1 presents the local chief executives from year 1901 to present. Throughout history, the municipality had 32 municipal mayors.

Table HB-1. Local Chief Executives of Municipality of Pinamalayan, Oriental Mindoro, Year 1901-2019

Profile :**Narrative Description :**

The State acknowledges and upholds the human rights of all citizens, including their rights to equality and non-discrimination in the exercise of these rights, to sustainable development, to health, including reproductive health, to knowledge and information, and to the freedom to choose and make their own decisions in accordance with their personal moral principles, norms, religious beliefs, and the demands of proper parenting. Thus, the State's responsibility to protect and strengthen the family as a basic independent social institution and to equally safeguard the life of the mother and the life of the unborn child from conception is in with accordance the declaration of State policies made under Section 12, Article II of the 1987 Philippine Constitution. The State is responsible for defending, advancing, and raising awareness of everyone's right to health, especially those of women and mothers in particular and the general public as a whole.

This plan has objectives to improve the policy and program at the municipal level to attain the population outcome that are conducive and supportive to developmental goals and enables couples as well as individuals with focus among the poor or marginalized sector to achieve their respective rights particularly their desired number, spacing and timing of children, for adolescents and youth to prevent adolescent pregnancies towards the attainment of their personal aspirations, potentials and well being and to achieve inclusive and people centered growth by ensuring that the needs and situations of all segments of population are considered in development activities.

Maternal mortality, unplanned pregnancies, and unsafe abortions are among the effects of poor family planning. In addition, modern families are not able to properly support the demands of their expanding family, which is partly a result of poor family planning and low contraceptive use. Hence, programs for family planning seeks to guarantee that every Filipino has access to correct information and modern family planning (FP) methods which are medically safe, legal, non-abortifacient, efficient, and culturally acceptable. This program's specific goal is to raise the modern contraceptive prevalence rate (mCPR) from 25% in 2017 to 30%. Also, Executive Order No. 141 was issued in 2021 to declare the implementation of measures that will address the increasing number of adolescent pregnancy as a national priority and called for a whole of government approach to validate and consolidate local efforts to reduce the increasing incidence of early pregnancies among

Vital Facts and Figures:

The municipality has designated Municipal Population Officer issued through Memorandum Order last 2017 that oversee and ensure the provisions of full range responsible parenthood and reproductive health care services including but not limited to all modern family methods, both natural and artificial to all clients and men and women of reproductive ages, gender, disability, marital status or background particularly at community level. We have also conducted program through out the year that includes; Pre-Marriage Orientation and Counselling in Family Planning, Serbisyo Angat Kabataan, Orientation and Counselling to New Acceptors and Current User for Family Planning, Buntis Congress with the topics on: 1000 days ni Baby, Exclusive Breastfeeding, Pre and Post Natal Care, Minor Discomforts and Complications in Pregnancy, Supplementary Feeding for Pregnant Mothers, Teenage Pregnancy Symposium, Information Education Campaign for STI/HIV and AIDS and its Prevention Month Celebration, HIV Testing for Pregnant Mothers, Prevention of Cancer via Visual Inspection with Acetic Acid (VIA), Adolescent Friendly Consultation and Papanicalau Smearing.

In the municipality a total number of estimated 27, 032 women at their reproductive age (15-49 y/o) is utilizing the modern Family Planning methods. We have strengthened our counselling by motivating couples to avail and help them choose the appropriate methods to meet their needs and promote reproductive health. Although we have allocation of supplies from the DOH, the local government unit support is importance in providing additional methods and procurement of Family Planning supplies.

Contraceptive use among married women in the Philippines has almost tripled over the last 30 years, from 17 percent in 1973 to 49 percent in 2003. Furthermore, two Filipino women in five who are not currently using a contraceptive method declare having the intention to use one in the future, according to results just released by the 2003 National Demographic and Health Survey (NDHS). The National Statistics Office (NSO) conducted the NDHS, a nationally representative survey of 13,000 households, 14,000 women age 15-49 and 5,000 men age 15-54. The contraceptive prevalence rate (CPR) or the proportion of married women 15-49 years reporting current use of contraceptives drops to 47.0 percent in 2000 from the 49.3 percent recorded in 1999. This is primarily caused by the decrease in the use of traditional methods (16.9% to 14.7%), particularly withdrawal (6.7% to 4.8%). Meanwhile, the prevalence rate of modern methods leveled off in the last two years (32.4% in 1999 and 32.3% in 2000). Thirty-five percent or about one-third of married women in the country are using modern contraceptive methods, according to the 2004 Family Planning Survey (FPS). This proportion is the same as that recorded in the 2002 FPS. One out of 10 married women (14%) uses a traditional method, while five out of 10 (51%) are not using any contraceptive method at all. Modern methods include female sterilization, male sterilization, pill, IUD, injectable, condom, mucus/Billings/ovulation methods, Standard Days Method and Lactational Amenorrhea Method. Traditional methods include calendar method, rhythm or periodic abstinence, and withdrawal.

Family Planning Methods	Current User	New Acceptors
Bilateral Tubal Ligation (BTL)	330	10
Condom	56	18
Pills	2066	62
Injectables (DMPA)	676	74

Analysis Matrix:

Year 2023 has brought a lot of opportunities to MSWD office in improving the services it renders. As it continuously work to determine the changing needs and demands of every members, the department has come to distinguish the areas in need for attention and response in the IP community. By this Calendar Year, the office aims to explore, study, and strategize on how to effectively implement this plan in the year 2024.

ISSUES/CONCERNS/ OBSERVATIONS/ TECHNICAL FINDINGS	IMPLICATIONS/EFFECTS	POLICY/OPTIONS/INTERVENTIONS/ POSSIBLE SOLUTION
Absence of local policies that will support the implementation of Responsible Parenthood and Reproductive Health	Poor program implementation and action	Creation of local policies
Non-functional and accredited BeMONC Facility	Increase incidence of non facility based delivery	Repair and Rehabilitation of BeMONC Facility
Lack of plantilla positions that will oversee family planning and reproductive health program	Poor performance and productivity	Hiring and creation of plantilla positons
	Some employees needed to double their work and responsibilities so as to compensate for the lacking of permanent personnel	
Outdated trainings	Poor work performance and fulfillment of duties and responsibilities	Attendance to Trainings/Seminars and Forums
Non compliance to facility accreditation		Facilitate facility accreditation
